

OOW249 LMG 5.56X45 MM

MANUFACTURED BY OHIO ORDNANCE WORKS, INC.

The OOW249 is the belt-fed, air-cooled, fully automatic light machine gun currently deployed by U.S. and international forces. Since the invasion of Panama in 1989, the SAW has proven itself in every major U.S. conflict.

Since 1984, the SAW has been found to be the most effective candidate to address the need for additional firepower in small units. For over 20 years, the OOW249 has seen every possible condition and environment and continues to come out on top.

The OOW249 SAW provides infantry fire teams with the heavy volume of fire of a machine gun combined light weight and accuracy that begins to approach that of a rifle. It fires the NATO standard 5.56mm cartridge from a belt or magazine, and is capable of engaging targets out to 1000 yards.

Ohio Ordnance Works, Inc. (OOW) is proud to offer the SAW:

- Consistent, reliable, on-time delivery achieved with ISO certified multi-tier inspections
- Ready for battle right out of the box- tested for functionality and accuracy at the factory
- Risk free purchasing with our "no nonsense" parts and workmanship warranty
- Be prepared for any environment or scenario- multiple configuration options allow you to customize to a unit's specific needs

With the addition of the OOW249 SAW to our production line, OOW has evolved to provide the customer with a single source for their crew served weapons needs.

OOW249 PARA LMG 5.56X45 MM

MANUFACTURED BY OHIO ORDNANCE WORKS, INC.

The OOW249 Para is the paratrooper version of the venerable 249 and features a forward rail with detachable foregrip, improved bipod, shorter barrel, and one of several different types of collapsible stocks. All interior parts are fully compatible and an upgrade kit is available for customers to convert existing guns to this model.

The OOW249 Para provides infantry fire teams with the heavy volume of fire of a machine gun combined light weight and accuracy that begins to approach that of a rifle. It fires the NATO standard 5.56mm cartridge from a belt or magazine, and is capable of engaging targets out to 900 yards.

Ohio Ordnance Works, Inc. (OOW) is proud to offer the SAW:

- Consistent, reliable, on-time delivery achieved with ISO certified multi-tier inspections
- Ready for battle right out of the box- tested for functionality and accuracy at the factory
- Risk free purchasing with our “no nonsense” parts and workmanship warranty
- Be prepared for any environment or scenario- multiple configuration options allow you to customize to a unit’s specific needs

With the addition of the OOW249 Para to our production line, OOW has evolved to provide the customer with a single source for their crew served weapons needs.
